

Ag Advisory Committee Minutes for June 6, 2013

Meeting called to order at 7:44pm with Chester Urbanski, Greg Sappington and Betty Jane Hunt present. Absent were Dave Miller, Bill Kiriluk and Township Committee liaison Tom Molnar.

There were no minutes from the April 4, 2013 meeting. These minutes will be provided for approval at our next scheduled meeting.

Chairman Urbanski asked Betty Jane if she knew whether anyone had been appointed as Township representative to Hunterdon County's 300th anniversary celebration. She said that so far no one has and that she had spoken to Mayor Zach Rich earlier today regarding this and he was to get back to her.

As far as West Amwell's involvement in the Anniversary celebration, it was decided that it would be best to wait until a Township representative had been chosen and then have the representative contact Marcia Karrow to find out what the County has planned.

Chairman Urbanski reported to the Committee that the Township Committee had approved a \$500 budget for the AAC for 2013.

Betty Jane had some ideas for additional projects for the year:

1. We discussed the September 6 Ag dinner and the silent auction. It was thought that perhaps the AAC could contribute money towards one of the baskets.
2. We discussed the possibility of having speakers at the municipal building Saturday morning October through next April. Speakers would discuss farm and garden related topics. The public would be invited. Coffee and donuts would be provided. Betty Jane agreed to contact 3 or 4 potential speakers.
3. The Country Fair was discussed. Betty Jane reminded the Committee that we will probably lose three key members of the Fair Committee by the time of next year's Fair. She asked the Committee to try to come up with some name of possible replacements.
4. We discussed the possibility of having a County Anniversary event at the Fulper farm next June or July. Betty Jane said she would speak to Breanna Fulper regarding this to see if she might be interested.
5. Meeting adjourned at 8:13pm. As the first Thursday of July is the 4th, we decided to meet on another date to be decided upon later this month.

Minutes prepared by Chester Urbanski
