No updates on the Fulper property; Fulper family is not committed to preservation at this time.

Easter Egg Hunt update

Heidi Tomenchok took the idea of an Easter Egg hunt to the Parks and Recreation Committee meeting; due to the close proximity to Easter as it is early this year, the Parks and Rec Committee has tabled this idea until 2017.

Existing Conservation Easements and Deed Restricted Lands

The Feb 2016 map showing the easements and deed restricted areas of the township was presented and briefly discussed. This is an updated map of a 2013 map prepared by Banish and Associates, professional planners, Flemington, NJ, from information provided to them from a \$10,000 Sustainable Jersey grant awarded to the West Amwell Township Environmental Commission. Copies of this map were distributed to AAC members courtesy of Cathy Urbanski, Chairman West Amwell Township Environmental Commission.

There is no action required of the Ag Advisory Committee on this topic; this was sharing of information.
