INTRODUCTION OF ORDINANCES AND/OR PUBLIC HEARING AND/OR SPECIAL PRESENTATION

Public Hearing: BOH Ordinance 1, 2010 AN ORDINANCE TO AMEND BOH Ordinance 1, 2009 THAT CREATED AND ESTABLISHED THE OPERATION OF A FARMERS MARKET IN THE TOWNSHIP OF WEST AMWELL, COUNTY OF HUNTERDON

Proof of publication in the April 1, 2010 issue of the Hunterdon County Democrat was presented. The ordinance has been posted and available to the public since its introduction at the March 25, 2010 meeting of the Board of Health. Chair Hart read the Ordinance by title and opened the public hearing. Hearing no comments, the public hearing was unanimously closed.

Mr. Kropp questioned the reason for the changes. It was explained by Mr. Fisher that Ron Shapella had requested an expanded definition for flexibility, as the Fire House property was initially in play, as well as changes to the rules and fees. He also presented a business plan for the market to the Township Committee.

Fisher moved for adoption of the Ordinance and Masterson seconded. Roll Call: Williams-aye, Fisher-aye, Masterson-aye, Kropp-aye, Hart-aye

NEW BUSINESS:

Refund Resolution – Block 7 Lot 16.02

BOH RESOLUTION #06-2010

Rabies Article from HC Health – This article was entitled “Most Human Rabies Treatments Avoidable” and gave insight into how to handle non-bite exposure. The Board found the information presented in the article to be quite informative and requested that it be posted on the website.

UNFINISHED BUSINESS:

County Septic System Inventory Database – The CD has been received and a print-out of the contents was shared. The database includes name and address of the property owner at the time of application for a new, repaired or altered septic system installation. Periodic updates to the inventory can be requested. However, with the list ordered by type of application, not by block/lot, finding a particular property is not easy. The database also does not include the date that the work was performed. Also shared with the Board was the in-house chart of repairs and alterations by block/lot with a short description of that repair/alteration. The information included in this list dates to the mid-80’s and includes information taken from the meeting minutes. The idea of bringing in an intern to work on a composite database was briefly discussed.

Reminders – Any Board member who has not yet watched the **Training Video for Volunteers** was encouraged to do so and submit the sign form. **Ethics/Financial Disclosure** forms are due and Board members not in compliance were supplied with an additional copy.
