

Refrigerator/Freezer Recycling Program

Save up to \$150 a year through lower electricity costs!

Receive \$50
when you recycle your
old refrigerator/freezer

Receive \$50 Rebate
when you purchase an eligible
energy-efficient refrigerator/freezer

Recycling Program

Through New Jersey's Clean Energy Program (NJCEP), municipalities, businesses and homeowners have been saving thousands in energy costs by taking advantage of the incentives offered by its various programs. The Refrigerator/Freezer Recycling Program offers free pickup for old appliances and provides a \$50 incentive for participating. Another \$50 can also be received by purchasing a new ENERGY STAR® refrigerator/freezer and submitting the rebate application to the NJCEP. For a listing of requirements for eligible appliances, please visit www.njcleanenergy.com/fridgerebate.

Eligibility Guidelines & Application Deadline

- Applicant must be a customer of Atlantic City Electric, Jersey Central Power & Light, PSE&G Electric or Rockland Electric Company.
- Valid for ENERGY STAR® qualified refrigerators purchased between July 1, 2013 to June 30, 2014.
- Rebate application must be postmarked no later than July 31, 2014 and must be accompanied with a sales receipt.

Appliance Rebates

Rebates are also available through NJCEP for various types of energy-efficient appliances. Eligible appliances include new heating and cooling equipment, water heaters, heat pumps, furnaces, boilers and ductless mini-split systems. For more information, please visit www.njcleanenergy.com.

Grant & Loan Coordination

Available grant/loan funding from local, State, Federal and public/private organizations and agencies is constantly being monitored for our clients. If you would like assistance in preparing and submitting the rebate application(s), please contact your local Client Representative or nearest office location.
